MARINEL D. MCGRATH, Ed.D.
SUPERINTENDENT OF SCHOOLS

Dear Alumni,

I would like to thank you for your purchase of the *Hamilton-Wenham Regional High School Alumni Directory* (Second Edition). I hope you enjoy it and find it a useful resource in keeping in touch with old friends. Hamilton-Wenham Regional High School has a legacy of excellence which continues to this day. Our graduates, like you, continue to distinguish themselves in their chosen careers and communities. Whether you were one of the earliest graduates of the high school or among the latest, your interest in and support of the Hamilton-Wenham schools is an important part of the spirit of community that continues to flourish in our two towns.

The original directory was the brainchild of the Hamilton-Wenham Education Fund whose board of directors contributed substantial time and effort to the project. Lisa Wood, Hamilton-Wenham Regional School District development consultant, spearheaded the revision of the directory. We are grateful to her for her efforts.

As a district, we hope this directory will enable you to renew and strengthen acquaintances and friendships. Discovering where classmates are now and what they are doing will hopefully create a montage of wonderful memories and reminiscences accented with vivid recollections of enthusiastic and caring teachers. Most of all, I hope you feel good about the excellent education you received at "the Regional" and understand the responsibility each one of us has to pass along to our young people the benefits we received. Through your support of education, you can ensure that students of today are well prepared for the challenges of tomorrow.

I invite you to visit "the Regional". Whether you live in the community or now just visit from time to time, please stop by and revisit memories and former teachers, and learn about what we have to offer students today. Please do not hesitate to contact us with any questions you may have about our programs and how you can help us to continue the tradition of excellence of which you are a permanent part.

Very truly yours,

Dr. Marinel D. McGrath
Superintendent of Schools

The District does not discriminate in its programs, activities or employment practices based on race, color, national origin, religion, gender, sexual orientation or disability.

Hamilton-Wenham Regional High School

History

The towns of Hamilton and Wenham have always had a strong commitment to education, however in 1958, due to increasingly crowded conditions at the Hamilton High School on Linden Street (Wenham students attended Beverly High School), the Hamilton-Wenham Regional High School District Planning Board was formed. Its final report recommended that a Hamilton-Wenham Regional High School, grades 9-12, "would be the best solution to the problem of providing facilities for a high standard of secondary education for the young people of both towns." All of the reasons given for supporting regional education in 1958 are just as valid in 2004. They included:

1. provide adequate physical facilities to permit a comprehensive high school program to be established.
2. be large enough for a good selection and range of subjects.
3. enable the district to hire teachers who are specialists in their fields and not call upon teachers to teach a variety of courses other than their specialty.
4. be a size both efficient and economical to operate.

As a result of this report, in 1959 the Hamilton-Wenham Regional School District Committee was formed and plans for construction of the Regional High School were under way. The site was purchased from the Weldon family and on May 29, 1961, ground was broken.

Continued

A year and a half and over \$2 million later, on September 17, 1962, the Hamilton-Wenham Regional High School opened its doors to 487 students and a staff of 33 with Peter Coffin as Principal. Within a year, Principal Coffin said in his annual report, "...the Hamilton-Wenham Regional High School has begun to establish itself among the better schools in the state."

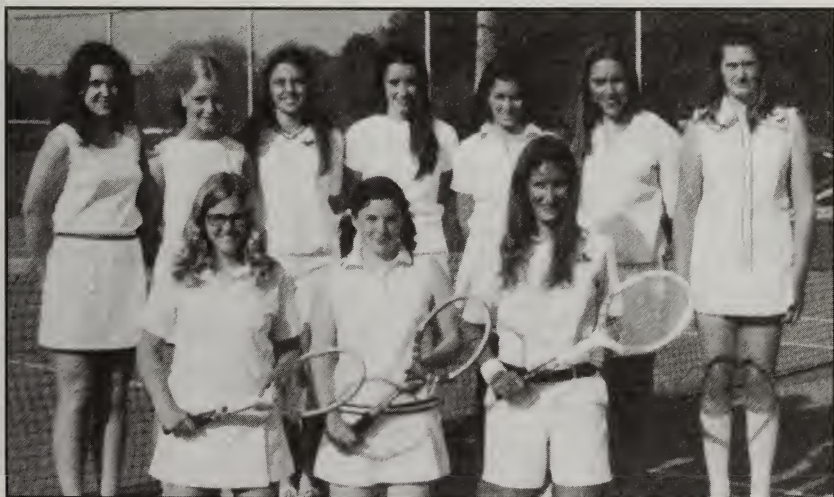

If the success of a school can be measured by state recognition of student academic endeavors, "the Regional" has a strong record from the beginning. In 1965, "the Regional" earned the title of Eastern Massachusetts Mathematics League Champions as well as highest honors in the New England Drama Festival. Over the years students have consistently placed well in the National History Day and Science Fair Competitions, highlighted by Dan Hall's win in the 1986 State Science Fair and selection as Massachusetts Centennial Scholar, and Lori Hayes' first place in the National History Day in Washington, D.C. in 1991. Each year, Hamilton-Wenham students have done well in the National Merit Scholar program.

Athletic successes have also been a regular feature at the school. The 1965 boys' basketball team won the Cape Ann League and had the fun of playing in the Boston Garden. In 1974, the school won the Hyland Trophy for outstanding athletic achievement in all sports. The first state championship was brought to the school by the softball team in 1980 and baseball repeated the feat in 1988. In 1990, the football team won the Cape Ann League for the first time in 23 years, and Darin Shearer was chosen as the *Boston Globe* Scholar Division II Cross-Country Athlete of the Year. From football and soccer to golf and swimming (and a myriad of other sports in between), over the years Hamilton-Wenham athletes have performed with dedication and pride.

Continued

Since opening day in 1962, the school's curriculum has constantly evolved to accommodate the changing needs of students. Courses in electricity and electronics were added to the curriculum in 1965 followed by a senior social science course in 1967 which incorporated psychology and sociology courses. By 1968, mini courses in topics as varied as film study, the Bible, cooking (for boys), and auto mechanics (for girls) were added as a spring term option for seniors. Computer courses were taken by at least a third of the student body in 1983, and today computers are used in virtually every course, office, and library. It is hard to imagine the school without them. In 1988, science and language requirements for graduation were increased to two years and in 1992, a technology course was added to the list. Curriculum review and revision continue on an annual basis.

In 1969, Principal Peter Coffin said, "Course titles are familiar but in many areas content has given way to progress. One of the major reasons for this is the tremendous increase in knowledge in the last 50 years...By developing skills in the handling of knowledge, we hope that we can prepare citizens to handle new situations with success and to research and evaluate older assumptions intelligently." This commitment to an evolving curriculum remains today. Former Principal John Elwell once said, "If our students are to compete successfully in a global economy, then they must work harder and work smarter...must develop a new set of competencies and foundation skills..."

The Hamilton-Wenham Regional High School has been fortunate in the individuals who have served as principal, a relatively short list. Peter Coffin served from 1962 until 1970 when Jerry Pieh took the helm. In his short term, Project Adventure, a tenth-grade physical education course based on the principles of the Outward Bound Schools was introduced as was the Distributive Education Program. When Pieh left to become headmaster of Milton Academy, William Fisher served briefly before becoming superintendent of schools.

In 1974, Isa Zimmerman was appointed principal and the following eight years saw a variety of changes. Chapter 766 (Special Needs) was implemented in 1974, the newsletter *Syllabus* achieved increased community outreach, the music program flourished under the guidance of Bob Lassonde and Sonja Dahlgren Pryor, theater dinners were produced by the National Honor Society under the supervision of Dr. William Alston, and a fast-food line was added to

the Honors program. A Peer Education program was started and in 1985 members in the program participated in a skit with First Lady Nancy Reagan at a Bentley College conference. Graduation and Candlelight are now held in the Gordon College Performing Arts Center. In 1996, Christopher Rice was appointed the fifth principal of HWRHS followed in 2004 by Robert Krol, the school's current principal.

The faculty at the Hamilton-Wenham Regional High School has always been a group of extremely dedicated individuals. Who could ever forget a class with Latin teacher Ron Baker, or English teacher Catherine Thibedeau, or physics teacher Dr. William Alston, or countless others? Over the years individual teachers have achieved wide recognition (in 1986 social studies teacher Kevin O'Reilly was selected by the National Council of Social Studies and *TIME* magazine for one of only two coveted National Teacher of the Year Awards, in 1987 Harold Simpson was named "Massachusetts Most Influential Science Teacher" by Governor Dukakis, in 1995 math teacher Harry Daniels was chosen by Hewlett-Packard to attend a one-week seminar on state-of-the-art graphing calculators) but the commitment of all the teachers to their students both in and outside the classroom and on the playing fields, or the performing stage, has been the key ingredient in making the school a very special place.

Since the Hamilton-Wenham Regional High School opened its doors in 1962, the school has graduated approximately 5,000 students, 80 percent of whom have gone onto post-secondary institutions. The building has been used well and hard. In the winter of 1996, Hamilton and Wenham voted to construct a new middle

students in the classroom, parents at athletic competitions or performance events, or voters at town meetings, most residents of Hamilton and Wenham pass through the doors of this school at some point during the year. We are fortunate that it is a school worthy of our pride and support. What goes on here can perhaps best be summarized by former Principal Jerry Pieh's educational philosophy. He said, "We are responsible for providing experiences which generate self-reliance on the part of students, faculty, and staff...we are committed to a continuing process of change, improvement, experimentation, assessment, and comparison...we conduct the business of this school with great rigor and we demand the very best of ourselves and our students."

1977 "Star Wars" wows theatergoers with its space opera plot and state-of-the-art special effects.

1982 The digital compact disc (CD) is introduced.

1984 The Apple Macintosh personal computer debuts.

Hamilton and Wenham Keep Their Eye on the 21st Century

Bricks and mortar, by themselves, don't make great schools. Great teachers do—along with visionary administrators and a supportive community. But they sure can help.

In the spring of 1996, after a year and a half of study and volunteer effort by more than 100 townspeople, the voters of Hamilton and Wenham passed by a collective 2-to-1 majority a proposal to radically transform our school district's physical plant. Over the next several years the comprehensive building plan created a new middle school building situated just behind and to the left of the Regional High School. It also provided a range of badly needed renovations and updates to the high school itself, including roof repairs, an expanded library/media center, new computer technology labs, and a gym big enough to hold three full-size basketball courts. The Buker School was renovated and converted back to an elementary school, as originally designed, and Center School was converted to house the HWRSD administrative offices. The cost for the entire project was roughly \$26 million, of which the state paid 64%. The project was completed in 1998.

This building plan was the most ambitious undertaking (in terms of cost) that our communities had ever pursued. But the tremendous support the proposal

1989 The World Wide Web is added to the Internet.

1989 The Berlin Wall is torn down, signaling the beginning of the end of the Cold War.

1990 U.S. Human Genome Project begins.

1991 The USSR dissolves into separate political entities as the communist government collapses.

1995 Shannon Faulkner becomes the first woman cadet at The Citadel military college in South Carolina.

1996 The sheep Dolly becomes the first large animal cloned from genetic material taken from an adult egg.

1997 On March 22, Hale-Bopp Comet comes as close as it will get to planet Earth.

received at the polls and at town meetings (where it passed by virtual unanimous votes in both Hamilton and Wenham) demonstrated that the people of our towns believe in and will support high quality education.

Over the last several years, the ramifications of state budget crises have been far-reaching and our faculty, staff, administrators, parents, and community members have keenly felt the effects. Major losses occurred in the areas of health and physical fitness, counseling, technology, instructional materials, curriculum support, and after school activities. Yet, our professional staff must have the resources if we are to develop, provide, and maintain a high quality educational program for all students in the HWRSD. In this environment of the "shifting sands of funding," our school district has embarked on revisiting its goals through a strategic planning process. With a \$4,000 gift from a local resident, a two-year strategic planning task force has begun its work. An experienced consultant will guide us through focus groups, small group meetings, and will oversee the planning process. We are excited about the outcome of the visionary step we have taken.

In September 2003, with the generous support of the Hamilton-Wenham Education Fund, the district hired Lisa Wood for the position of development consultant. Ms. Wood continues to work with our district leadership team to develop partnerships with corporations, foundations, and private donors to provide resources beyond the district budget. Currently we are examining possible capital projects for the district to improve our physical plant infrastructure. At the same time, we are planning for the establishment of an alumni association, both to organize reunions and commemorative gatherings as well as to reach out for support for district programs and projects. You will be hearing more about this initiative as the plans unfold.

On behalf of the Hamilton-Wenham Regional High School we want to thank you for purchasing this directory and supporting our school district. We hope you will find that the names on these pages will rekindle and revive the memories and joy of your high school friendships and days. We continue to find great inspiration and significance in the gifts our alumni, friends, and parents make to The Regional. We hope in years to come you will be in touch with us about your own special interests in giving. There really is a tremendous joyful benefit in reaching out to help your alma mater and those programs you care about most. On behalf of the Hamilton-Wenham Regional School District, I thank those of you who are already doing so.

Cordially,

Dr. Marinel D. McGrath
Superintendent of Schools

Guide to the Directory

Directory Information

The biographical information contained in this directory was compiled in the following manner:

- a) Hamilton-Wenham Regional High School provided the publisher with information contained in its files at the time the project commenced;
- b) Publisher attempted to update the address and telephone number information through third-party research vendors with which it had executed confidentiality agreements; and
- c) Publisher made every reasonable attempt to verify the biographical information with each individual directly via mail, e-mail, and/or telephone. Updates given by immediate family members may have been applied.

If attempts to verify the information directly with individuals were unsuccessful, the information originally provided by Hamilton-Wenham Regional High School was utilized, with any address or telephone number updates obtained through research applied. We apologize in advance for any errors and omissions, and we urge you to send corrected information regarding your listing to:

Hamilton-Wenham Regional High School
Development Office
5 School Street
Wenham, MA 01984
(978) 468-9606
E-mail: woodl@hwschools.net

Biographical Section

Alumni are listed alphabetically with the information below, when available. Alumni with name changes are cross-referenced by their student names.

- class year from Hamilton-Wenham Regional High School
- degrees and names of institutions attended
- title, employer name, address, and telephone number
- residence address and telephone number
- spouse's name (in italics)
- children's names
- e-mail address

Respondent alumni are indicated by a diamond preceding their names.

Class Year Section

Alumni are listed by their student names under their class years. A single asterisk denotes alumni who were unavailable to confirm their addresses or who did not respond to mailings. A double asterisk denotes alumni who could not be located or who were reported as deceased. (Unless deceased status is confirmed by the high school or alumni association (if applicable), the publisher is unable to denote an alumnus/a as deceased.) Members of the Class of 2004 are listed in this section only.

Geographical Section

Alumni are listed under their residence addresses in the following order: state, U.S. military, U.S. possessions and territories, and outside the U.S. Following each name is the individual's class year.
